OPERATIONS

Quality of Life funds were used to renovate an old firehouse into an Airman's Center. Several other new facilities: a dining hall, visiting quarters, a golf course clubhouse, and a fire station have recently opened, and a fitness center and a freight terminal will open next year. An \$85 million Military Construction C-17 beddown program will also be completed in 2004.

Recent Accomplishments: The 305 CES is working hard to transform McGuire AFB. Quality of Life funds—the only such funds awarded by Air Mobility Command—were used to renovate an old firehouse into an Airman's Center. Several other new facilities—a dining hall, visiting quarters, a golf course clubhouse, and a fire station—have recently opened, and a fitness center and a freight terminal will open next year. An \$85 million Military Construction C-17 beddown program will also be completed in 2004. During Operations ENDURING FREEDOM and IRAQI FREEDOM, the 305 CES deployed 115 troops and supported the war in classified locations for six months. 2003
