## OPERATIONS

In early January of 1947, assignment of the 330th Station Hospital from the Antilles Department to the Caribbean Air Command completed the change from U.S. Army to Army Air Forces jurisdiction of all organizations at the base.

On April 1st, the 330th Station Hospital was transferred back to the Antilles Department, but remained active at Borinquen to support the AAF units. In preparation for its eventual closure,

the 48th Air Services Group established an unnumbered base dispensary. 1947

Also in January and February, the 5911th Medical Dispensary was re-designated as the 5911th Station Medical Group; the 330th Station Hospital transferred all of its personnel to the 5911th Station medical Group, and the 330th then became non-operational. It was later moved from the base. 1949
