

432 OPERATIONS SUPPORT SQUADRON

MISSION

The 432 Operation Support Squadron provides combat and local weather support for nine flying squadrons; exercise, and frequency management; scheduling and training functions; simulator contract oversight; Host Aviation Resource Management support; weapons and tactics training management; airfield operations oversight; communications development and contract management; and inbound Air Combat Command remotely piloted aircraft pilot/sensor operator student training flow management. The 432 Operation Support Squadron also runs ACC's only RPA Intelligence Formal Training Unit, producing more than 200 trained intelligence specialists/RPA mission coordinators each year.
