

518th COMBAT SUSTAINMENT SQUADRON

MISSION

The 518th Combat Sustainment Squadron provides logistics support via sustainment transformation and performance-based logistics to 3,600 worldwide aircraft and two major System Program Offices. We manage over 30,000 items for war fighting customers at 90 bases in 26 countries. We manage sustainment for F-16, A-10, and mature & proven aircraft to include development, modification, and engineering authority.
