

560th AIRCRAFT SUSTAINMENT GROUP

MISSION

Serves as single focal point for cradle-to-grave command and control, intelligence, surveillance, and reconnaissance sustainment management for the Distributed Common Ground System and U-2. Serves as system sustainment manager for Joint Stars and Global Hawk aircraft. Responsible for all sustainment activities required to ensure aircraft and equipment availability is adequate for the weapon system to fulfill its assigned missions. Primary activities include engineering, worldwide logistics, weapon system readiness, and wartime sustainability support. Manages aircraft overhaul, modernization and modification programs, spares procurement and repair for DCSG, U-2, Joint Stars, and Global Hawk programs
