

653 ELECTRONIC SYSTEMS GROUP

MISSION

The 653 Electronic Systems Group executes a \$18 billion Fiscal Year Defense Plan budget with six divisions and squadrons. The group is comprised of 720 personnel. The 653 ELSG acquires, delivers and sustains networks, integrated information systems, enterprise services and applications for the Global Information Grid, facilitating communication between land, naval, air and space warfare forces. The group delivers capabilities for voice, video and data networks focused on joint and coalition warfighter needs to enable worldwide net-centric ops. Acquire, deploy, and sustain affordable, secure and robust communication and information capabilities for the Joint Warfighter
