

754 ELECTRONIC SYSTEMS GROUP

MISSION

The 754 Electronic Systems Group provides technical and customer service support as well as acquisition and program management oversight of more than 160 Combat Support Information Technology systems. The 754 ELSG also manages the Air Force standard desktop environment, and serves as the Air Force lead for software program management under the auspices of the DoD Enterprise Software Initiative.

Additional activities include managing the Air Force single enterprise-wide license contract with Microsoft Corporation, executing the Chief Information Officer's Information Technology Commodity Council Strategic Sourcing program and administering the Network Centric Solutions contract valued at more than \$9 billion. The 754 ELSG also manages more than 50 Air Force contracts and Basic Purchasing Agreements with a total value of \$15 billion.
