

830 AIRCRAFT SUSTAINMENT GROUP

MISSION

830 Aircraft Sustainment Group serves as single focal point for cradle-to-grave sustainment management for the F-15 to sustain mission effectiveness throughout the system's life cycle. Responsible for all sustainment activities required to ensure F-15 availability is adequate for the weapon system to fulfill its assigned missions. Primary activities include engineering, worldwide logistics, weapon system readiness, and wartime sustainability support. Manages aircraft overhaul, modernization and modification programs, and unscheduled depot level maintenance repair for the F-15 to include foreign military sales.
