### EMBLEM

This is the new organization emblem of the 2608 Air Reserve Center. Against a background of blue sky representing the Air Force's primary theater of operations is displayed a torch of knowledge and an olive wreath to indicate the peacetime mission of the Center in the administration and training of Reserve Forces. The lightning bolts represent the powerful reserve force that is ready in time of war. Our motto signifies that the 2608th Air Reserve Center was the first to be constructed in the U. S. from appropriated funds. This emblem was designed by Technical Sergeant John R. Yanora, NCOIC of the Center Personnel Section and it was approved in October 1958.
