

## 31<sup>st</sup> COMMUNICATIONS SQUADRON

### MISSION

The 31st Communications Squadron is the U. S. Air Forces in Europe's only communications squadron south of the Alps supporting permanently assigned fighter aircraft and provides voice, data, video, imagery, airfield and information management services to the Southern Region. The squadron is responsible for the planning, installation, and operations and maintenance of \$50 million in command, control, communications and computer systems in support of Presidential airborne missions, 31st Fighter Wing, six Geographically Separated Units, three contingency sites, seven digital European backbone remote sites, and multinational and joint service forces.

2 Apr 1996-1 Apr 1998  
2 Apr 1998-1 Apr 2000  
24 Mar 1999-10 Jun 1999

1 Oct 2000-1 Oct 2002

2 Oct 2002-30 Sep 2004

### **EMBLEM**

The unit emblem portrays the image associated with Air Force Communications Command air traffic controllers, maintenance crews, and communications-electronic operators. The tower signifies the air traffic controllers' expertise of monitoring the approaches and take-offs in good and adverse weather. The atom signifies the maintenance crews who provide dependable equipment and communications to the many different sections that compose the Air Force Communications Command communication squadron. The clouds and lightning signify the communication electronic operators who communicate with the four comers of the earth in their many modes of electronic communication equipment, seen or unseen, classified or unclassified.
