MOTTO

NICKNAME

OPERATIONS

Included airborne assaults on Sicily, Normandy, Holland, and Germany, as well as aerial transportation in the MTO and ETO, during World War II. Carried passengers, mail, and cargo for European Air Transport Service, Sep 1945–Sep 1946.

Conducted worldwide airlift operations, 1973–1979.

A reorganization on September 1 brought the 32nd TAS to Little Rock Air Force Base. This unit replaced the 48th AS. The 48th was deactivated and its equipment and personnel transferred to

the 32nd.

An earthquake in Romania sent the 32nd TAS to Bucharest with medical supplies from their TDY locale at Rhein-Main, Germany. In the second half of the month, the 32nd flew to the Canary Islands. A collision between two 747 Jumbo Jets on the island's runway had resulted in hundreds of deaths. The 32nd TAS flew 56 survivors to Europe for medical treatment.

In February, the 32nd TAS deployed sixteen aircraft and 350 people to RAF Mildenhall, England to support three aircraft from the 50th TAS in operations in Europe. These C-130's moved more than 10,000 passengers and 4,000 tons of cargo.

Remagon Landing Zone, a dirt training strip in Georgia, was tested by a 32nd TAS C-130 in May, marking the 314th's first use of the facility.
