MOTTO

OPERATIONS

In 1949, the only active unit on the base was the 7504th Base Complement Squadron, analogous to a much smaller version of today's mission support group. The only aircraft on the base belonged to rotational TDY units. A fence had not yet been built to protect RAF Lakenheath's assets, and the Air Force did not formally take control of the base until 1 June 1950.
