OPERATIONS

The Air Corps Institute was established at Scott Field in 1940 and proved very popular as a correspondence school for the Air Corps. This change is covered in General Order No. 4, dated 27 May 1939. The same order activated the 93rd School Squadron and inactivated the 21st Balloon Group which had been active on the field from the beginning of the period of lighter-than-air aviation instruction. The same order transferred all personnel of the 7th Air Base Squadron, except one, Sergeant William A. Osborne, to the 93rd School Squadron. The Base Headquarters and the 7th Air Base Squadron was retained as an active unit of the field, though its sole member

was attached to the 93rd School Squadron.
